2020 IS TIME FOR VIRTUAL EVENTS

UNSTOPPABLES

New challenges, new solutions.

DON'T STOP ME NOW!

Technology gives us multiple solutions that go beyond a simple video conference... to live a unique experience

POSTPONING, NOT CANCELING

It is not necessary to cancel anything.

We encourage you to delay... or to re-invent them!

PIVOTING TO VIRTUAL EVENTS

Using our PLATFORM of virtual events, with STREAMING from our TV sets in BCN and MAD to communicate with your attendees in a virtual way but with the strength of LIVE TV, combining it with videos, documents, online chats...

Events, fairs, forums, conventions, virtual trainings that differ by their REALIZATION and their way of generating CONTENTS, to be the most attractive, easy, interactive and effective on the market

SHIFTING EXPERIENCES ONLINE

VIRTUAL
EVENTS

We create them as effective and 'engaging' as face-to-face. Using cinema effects, TV series resources, gaming and presented live to connect with the audience and live an EXPERIENCE

VIRTUAL EVENTS

Unlimited participation and dissemination

Interactive

Easy to use

Gamifiable, attractive, dynamic

Easy and quick to create

Organized and sustainable

TOP ACTI VI TIES

ROOM ESCAPE ON BOARD

Make the activity of your convention a CSR action! Contribute to the cause you choose. Overcoming a series of challenges to earn points, they are monetized and donated to a social or environmental purpose. Meanwhile, enjoy the sea, with a sunset cocktail, live music, with your colleagues or customers ...

Live a special experience

Tiruvannamalai, India

LABDOO

Recovers disused computers, fixes them, resets them, introduces them with educational software and distributes them to schools without resources from all over the world. A punctual or long-term activity... In your offices or in your event...

With the help of 1 Labdoo instructor, participants will be encouraged to clean up all recovered PCs. Sometimes, the instructors are voluntary children or young people with high performance autism, to bet on inclusion

To get them to their destination, they have the trips of the participants... who take them with them voluntarily, thus minimizing the costs and the carbon footprint

Tag a laptop, spread education around the world

Moshi, Tanzania

CHEERS4U

The largest inter-company team building with social value in Spain. Throughout 1 day (October 16 in Barcelona) all participating companies will compete with each other passing tests of ingenuity and skill in a playful environment, assisted by more than 70 people with disabilities.

Networking, laughter, paellas, selfies, team pride, good music and party to enjoy a memorable experience in order to capture resources that help create and maintain quality jobs for the disabled. Led by the Icaria Foundation. The donation computes for LGD as an alternative measure. It is time to register your teams (6 Pax per team) to compete and give everything, because in the end, everyone wins!

OUTDOOR ACTIVITIES

Sunset Yoga, Nordic walking, the new in surfing, e-bikes & picnic, open cinema ... to enjoy the good weather, the colleagues and create unique moments for all participants

SOLIDARITY ACTIVITIES

Build bikes among all and donate them to children, become brico heroes and donate furniture, create urban gardens, participate in beach cleaning, distribute food, play solidary football games... All for the pleasure of contributing and help our communities

ENGAGEMENT DYNAMICS

We generate ad-hoc dynamics so that your conventions are more collaborative and motivating, Corporate messages reach teams clearly, engage people and help them accept organizational change in a positive way.

Motivational speakers, event storyboard, gamification, communication between speakers and audience live and/or online, content adjustment to focus on the message, supported by practical cases and successful experience. Use of Role-Play
